Hanwha Unveils New Wisenet P Series 4K UHD Network Cameras with H.265 and WiseStream Technology at ASIS 2016

Advanced, High-Performance Models Featuring H.265 Compression

Orlando, FL (September 12, 2016) – Hanwha Techwin America (booth # 2641) is providing ASIS 2016 attendees with a preview of its new premium performance Wisenet [P Series cameras](#). The new P Series cameras deliver 4K UHD (ultra-high definition) resolution with superior compression delivered by combining H.265 codec and Hanwha's exclusive WiseStream technology. Together, H.265 and WiseStream significantly reduce bandwidth consumption and storage costs to deliver the best in high resolution performance and efficiency.

"High-resolution video recording has traditionally come at a cost, but the combination of H.265 with Hanwha's WiseStream technology allows users to achieve significant bandwidth and storage savings without sacrificing performance," said Tom Cook, Vice President of Sales, Hanwha Techwin America. "As part of our full H.265 system solution, the new Hanwha Wisenet P Series cameras deliver 4K UHD resolution (PNO/PND/PNV-9080R) in H.265, reducing bandwidth and storage requirements while increasing overall system performance and reducing total cost of ownership."

Available bullet ([PNO-9080R](#)), dome ([PND-9080R](#)), vandal dome ([PNV-9080R](#)) and PTZ (PNP-9200RH – set for a November release) models, Wisenet P Series cameras deliver a max resolution of 12MP with frame rates of 20fps at 12MP and 30fps at 8MP (H.265/H.264). When WiseStream and H.265 compression are used together, Wisenet P Series cameras are capable of significantly reducing bandwidth consumption and storage requirements.

Additional feature highlights include: triple codec H.265/H.264/MJPEG; 120dB true wide dynamic range (WDR); high-power IR illumination; SD card slot micro SD/SDHC/SDXC 128GB, NAS recording; Hallway view (9:16 ratio); two-way audio; lens distortion correction; and intelligent video analytics including appear/disappear, virtual line, and enter/exit filters. Wisenet P Series outdoor models are IP66/IK10 rated.

Hanwha's new Wisenet P Series also includes the new PNM-9020V high resolution 180° panoramic multi-sensor camera (see separate press release for details).
