**Hanwha Showcases High Resolution 180° Panoramic Multi-sensor
Camera at ASIS 2016**

*Delivers Exceptional Resolution for Increased Wide Area Coverage and
Situational Awareness*

Orlando, FL (September 12, 2016) – Hanwha Techwin America is featuring a high resolution 180° panoramic multi-sensor camera launched as part of the company's new [Wisenet P Series](#) here at ASIS 2016. The new **PNM-9020V** high resolution camera delivers a 180° panoramic seamless viewing experience via four integral image sensors along with numerous advanced features to provide the highest levels of wide area coverage and situational awareness.

"The new Hanwha Wisenet P Series panoramic camera takes video surveillance performance and coverage to an unprecedented level," said Tom Cook, Vice President of Sales, Hanwha Techwin America. "Its panoramic capability and extreme resolution delivers exceptional ROI since it performs the work of three or four HD cameras and all of the expenses related to equipment and installation costs."

Designed with four, 2MP image sensors with 3.6mm lenses, captured images are stitched into a seamless 180° composite image. The PNM-9020V features triple codec H.265/H.264/MJPEG and Hanwha's exclusive WiseStream technology for superior compression, and features true day/night operation for exceptional image quality in changing lighting conditions. Additional features include: Advanced video analytics (heat map, virtual line, enter/exit, appear/disappear); on-board storage via micro SD/SDHC/SDXC up to 128GB and NAS; defog, defocus and tampering detection; and PoE operation. The PNM-9020V is supported by Hanwha's SSM and SmartViewer management software, and is IP66 and IK10 rated for vandal-resistance and outdoor use in the harshest environments.
