Hanwha Techwin Participated in 'IFSEC International 2018'

Hanwha Techwin demonstrated smart solutions including smart city, smart retail, smart transport, etc.

Hanwha Techwin participated in 'IFSEC International 2018' by showcasing smart solutions including smart city, smart retail, smart transport.

Teaneck, NJ, June 21, 2018 - [Hanwha Techwin America](#), a global supplier of IP and analog video surveillance solutions, participated in the 'IFSEC International 2018.' At the event, Hanwha Techwin demonstrated smart solutions including smart city, smart retail, smart transport as well as various Wisenet product line ups including Wisenet Q, X, P, T, HD+ and Wisenet Wave. With the message 'WE MOVE with trust,' Hanwha Techwin appreciated product and solution partnerships that are not measured by features and functions alone.

SMART SOLUTIONS

SMART CITY

- **Wisenet Intruder Detection Solution**, a single device intruder detection solution which provides maximum detection, while significantly reducing the impact of time consuming and costly false alarms.
- **Wisenet Intelligent Traffic Management Solution**. A comprehensive suite of ANPR based intelligent traffic management solutions.
- **Wisenet Automatic Incident Detection (AID) Solution**. An easy to deploy and highly accurate city wide incident detection solution which is designed to be affordable for budget conscious local authorities.

SMART RETAIL

- **Wisenet Biometrics & Retail Solution** which enables small retail stores to gain a greater understanding of the type and numbers of people who visit their stores.
- **Wisenet Retail Intelligence Solutions** which include Heatmap and People Counting cameras to enable retailers to monitor continuously updated live reports and view comparative hourly and weekly reports on footfall, store hotspots and dwell times, as well as how long customers have to queue.

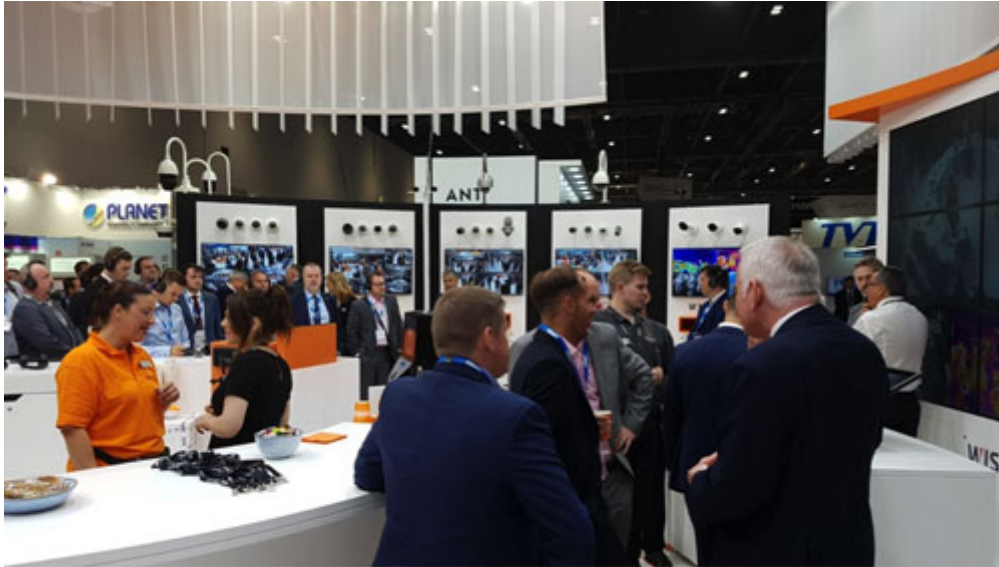

SMART TRANSPORT

- **Wisenet Transport Solution**. Vibration-proof Wisenet cameras and small footprint NVRs which are designed to provide a robust solution for monitoring activity on buses, trains, trucks and other forms of transport.

SMART PRODUCTS

- **Wisenet HD+ series** Full HD analogue images in 1080p without the need to upgrade cabling infrastructure.
- **Wisenet Q series** entry level cameras which deliver feature rich 2MP or 4MP images.
- **Wisenet X series** cameras which are supercharged by the most powerful chipset ever incorporated into a full camera range.
- **Wisenet P series** premium cameras which deliver superb quality 4K (12MP) images.
- **Wisenet T series** Thermal cameras which capture images at up to 640 x 480 resolution.
- **Wisenet WAVE** an effortless drag n drop software enabling 64 high definition video

In addition, Hanwha Techwin demonstrated innovations such as the world's best 150dB Wide Dynamic Range (WDR) technology and the world's best motorized varifocal F0.94 low light lens, as well as WiseStream II compression technology, all of which are unique to Hanwha Techwin and how they are supported by our Smart Security Manager (SSM) software platform.

Visitors at 'IFSEC International 2018' listening to an explanation of core technologies and solutions of Hanwha Techwin.
